

RETURN **to** HOCKEY

COVID-19 RESPONSE

Return to Hockey Framework

Revised July 27, 2020

SECTION 1

Purpose

The Ontario Hockey Federation has worked in conjunction with Hockey Canada, the National Sport Organization (NSO) for hockey, and the Ontario Government as one of its recognized Provincial Sport Organizations (PSO) to ensure that in every phase of our return the safety of our Players, Coaches, Officials, Administrators and volunteers are at the center of our plan and decision making. This plan focuses on making the return to hockey fluid while enhancing the experience. This document is used for the purposes of the Ontario Hockey Federation only and does not make assertion to hockey programming that falls outside of its jurisdiction.

SECTION 2

Disclaimer

The information in this document is not intended or implied to be a substitute for professional medical advice, diagnosis, or treatment. The Ontario Hockey Federation and its Members make no representation and assume no responsibility in respect of their information concerning COVID-19 as the circumstances are constantly changing, and any information on COVID-19 should be obtained from your Public Health Authority.

SECTION 3

Framework for Return to Hockey

The impacts of the COVID-19 outbreak have been felt across Ontario, by families, workers, businesses, and communities. Our hockey family has also felt the impacts of this.

COVID-19 has created a unique situation for every person, business, and government body to deal with. Sport for our youth and adults alike closed on March 12, 2020 with no identified return. While the situation is still evolving, the OHF continues to work with its partners to prepare for a return to programming with the necessary measures in response to COVID-19.

Our plan to return recognizes that although hockey was shut down with us all playing 5 on 5 traditional hockey our return to traditional hockey will be by way of a planned phased in approach. The Ontario Hockey Federation has developed a phased approach to return with programming.

Phase 1 - Protect and Support

The OHF's primary focus in Phase 1 was the reintroduction of the sport of hockey for the health and well-being of stakeholders in the game, their families, and the greater community following the cancellation of the 2019-2020 hockey season.

During this phase, the OHF developed the standards of operations and certification protocols by individuals that provide hockey programming, as well unique and innovative strategies to bring hockey into the lives of our stakeholders and participants, in a safe – distanced manner.

Phase 2 - Restart, Protect and Support

The OHF will be implementing a careful, stage-by-stage approach to reintroducing hockey activities across our provincial jurisdictions. The safety of all participants and stakeholders will continue to be the priority, while balancing the needs of individuals within the game. This staged approach does not have a specific time frame, but will evolve further to guidelines of the public health authorities, the provincial government, and our governing body, Hockey Canada. At any point during the progression, we may need to pause or return to a previous stage in order to protect and support our participants and the public.

SECTION 11

Appendix C

Stage Two Explained

The following provides an overview of the relevant literature within the OHF Return to Hockey Framework that outlines how different stakeholders may return to the ice under the umbrella of the OHF.

Stage Two - Group Development Programming

In-Person Training

Instructional Training – individual and small group training on ice or off ice sanctioned by the OHF in compliance with the Ontario Government Emergency Order and OHF policies.

- OHF Members may conduct programming with the use of an instructor who meets the qualifications under the OHF Hockey Canada Licensed Skill Development Program Policy.

What it means: During Stage 2 of the OHF Return to Hockey Framework OHF Members (ALLIANCE, GTHL, NOHA, OHA, OHL, OMHA, OWHA) may operate programming subject to the following conditions:

- Participants must be registered within their jurisdiction. Jurisdiction is defined in OHF Article 4.2; and
- The lead on-ice instructor must be a Hockey Canada Licensed Development Specialist.

- Minor Hockey Associations may conduct, with the approval of their Member, instructional training for players registered with their MHA during the 2019-2020 season, where such training is conducted by a registered coach with the MHA during the 2019-2020 season.

What it means: During Stage 2 of the OHF Return to Hockey Framework Minor Hockey Associations may conduct programming with the approval of their Member (ALLIANCE, GTHL, NOHA, OMHA, OWHA) subject to the following conditions:

- Instructional training only, no competition; **and**
- Players must have been registered with your MHA during the 2019-20 season; **and**
- All coaches delivering programming must have been registered with the same MHA, in 2019-20, that they are now delivering programming.

For clarity: Minor Hockey Associations must gain the approval of the Member prior to operating any programming. More information on gaining approval from the Member can be found below. Note that programming is based on MHA and not on Team, this means players from different age groups can be on the ice at the same time.

Coaches delivering programming on behalf of an MHA do not require the Hockey Canada Licensed Skill Development Program training to deliver programming. The certification that made them eligible to coach during the 2019-20 season will allow them to deliver programming on behalf of that MHA.

The above criteria have implications and limitations on both players and coaches who have made the

decision to switch MHA's for the upcoming 2020-21 season:

- A player that has decided to switch organizations, without having a Residential Transfer duly approved subject to OHF Regulations, between the 2019-20 and the 2020-21 season may not participate in programming operated by the new MHA.
- A player that has moved and their Residential Transfer duly approved subject to OHF Regulations must contact the applicable Member (ALLIANCE, GTHL, NOHA, OMHA) within the new jurisdiction for approval. The Member (ALLIANCE, GTHL, NOHA, OMHA) will determine if that player is eligible to be on the ice. If the player is eligible to multiple MHA's, subject to OHF or Member Regulations, the Member will determine which MHA the player is eligible to participate with during Stage Two of the OHF Return to Hockey Framework.
- A coach that has switched organizations between the 2019-20 and 2020-21 seasons is not eligible to deliver programming.

- Private skills instructors may conduct training of individuals once the lead skills instructor on the ice has qualified as a Hockey Canada Licensed Development Specialist or as compliant with the OHF Hockey Canada Licensed Skill Development Program Policy.

What it means: During Stage 2 of the OHF Return to Hockey Framework an individual may deliver programming outside of the MHA, FHA, or Junior Hockey setting only as a Hockey Canada Licensed Development Specialist and be in compliance with the OHF Hockey Canada Licensed Development Program Policy.

- If utilizing a private skills instructor, MHAs will need to validate that the skills instructor qualifies under the OHF Hockey Canada Licensed Skill Development Program Policy.

What it means: During Stage 2 of the OHF Return to Hockey Framework a Hockey Canada Licensed Development Specialist may deliver programming within an MHA, FHA, or Junior Hockey setting if contracted to do so by that MHA, FHA or Junior Hockey team and must be in compliance with the OHF Hockey Canada Licensed Development Program Policy.

- Junior hockey Teams may conduct programming with the approval of their Member for players that they have registered for the 2020-2021 season or any players that are on their protected list. If utilizing a private skills instructor, they will need to validate that the skills instructor qualifies under the OHF Hockey Canada Licensed Skill Development Program Policy.

What it means: During Stage 2 of the OHF Return to Hockey Framework Junior hockey teams may conduct programming with the approval of their Member (NOHA, OHA or OHL) subject to the following player conditions:

- Instructional training only, no competition; **and**
- Players must be registered with that Junior hockey team for the 2020-21 season OR players must be on that Junior hockey team's protected list ;

During Stage 2 of the OHF Return to Hockey Framework Junior hockey teams may conduct programming with the approval of their Member (NOHA, OHA or OHL) subject to the following coach/instructor conditions:

- Junior hockey teams may utilize coaches currently registered to their team; **OR**
- Junior hockey teams may utilize a Hockey Canada Licensed Development Specialist that is in com-

pliance with the OHF Hockey Canada Licensed Development Program Policy.
